

Dear PCC Members:

It is customary each year that for our December meeting program we have a "Scavenger Hunt." **This is not a competition and is just for pure fun!** This year our meeting is the second Tuesday of the month, December 14, 2010.

You can bring a flash drive or a disk to the December meeting with 12 digital images that you have collected from January-December 2010. (If you do not have digital images, then bring your prints for viewing.)

PROGRAM: COLOR CHALLENGE!

12 images: Each image's impact coming from a dominant color.
(1 of the 12 images can be a Self Portrait, with a dominant color.)

For example, "About Red" could be one image's focus – the entire image does not need to be red, but red would be the color that would carry the most impact.

Even if you do not have all 12 images, come to the meeting with whatever you have collected over the year. This is a program with many surprises, as our very creative Club members often show some very amusing and imaginative images for this Scavenger Hunt.

In the spirit of creativity,

Arlene
